

RNSA Winter walks Racers/Cruisers/Dinghy sailors most welcome, family and friends also welcome, not to mention dogs.

Dear members and associated members, its back..... Winter walks that is!

Do you fancy catching up with old friends, find out how their winter refits are getting on, fancy chatting about next seasons big cruise or just to burn off the Christmas Chocolates whilst making new friends.

Well over the next few months I, (Graham Baring of yacht Tor Renown) have organised some delightful walks taking in the beautiful coast and countryside on offer to us.

The walks are planned to enable all able bodied to take part and will be following well know and well-trodden paths, as ever these will be dependent on the weather. Each Walk should take no longer than 4 hours.

Warm clothes and sturdy footwear should be worn. A hot flask may also help to wet the whistle whilst we stop for a short break to take in the scenery. A bottle of water is also advised to keep you hydrated.

Some walks start and finish at a pub which I'm willing to book for lunch if you inform me before hand to avoid disappointment oggie.b@hotmail.co.uk or 07771644409

No risk assessment has been carried out, I hold basic First Aid, as long as you stick to the path and don't lick electric fences you should be fine. I will carry a Frist Aid kit and Emergency Shelter just in case.

I will endeavour to be in the Car Parks at 0930 in a Silver VW T5. I will fly an RNSA flag from the back of my van so you know it's me. We aim to leave at 1000 on the dot, however if you are running late then feel free to text me and as long as everyone is happy to wait, then we will. However for 5 press ups every 10 minutes you're late.
